Dear Jane - I have been at
the shore all of this
I tried to call you before
Let me know if you are still
working, or when you are free
& we will try and make a
date for you to come down
I missed you at the cemetery
We got up there quite late
It started to rain. I was at
Clinton first this week with
at Westbrook. It has been cool
but nice & quiet. I like it
that way. Love Ruth
